INTRODUCTION

On June 2, 2007, Republic Act No. 9485 otherwise known as “AN ACT TO IMPROVE EFFICIENCY IN THE DELIVERY OF GOVERNMENT SERVICE TO THE PUBLIC BY REDUCING BUREAUCRATIC RED TAPE, PREVENTING GRAFT AND CORRUPTION, AND PROVIDING PENALTIES THEREFOR” or the “ANTI-RED TAPE ACT OF 2007” sanctioning all government offices and agencies including local government units and government-owned or -controlled corporations that provide frontline services as defined in this Act. Under Section 6 is the **mandatory setting up** respective service standards to be known as the Citizen's Charter in the form of information billboards which should be posted at the main entrance of offices or at the most conspicuous place, and in the form of published materials written either in English, Filipino, or in the local dialect, that details : (a) The procedure to obtain a particular service; (b) The person/s responsible for each step; (c) The maximum time to conclude the process; (d) The document/s to be presented by the customer, if necessary; (e) The amount of fees, if necessary; and (f) The procedure for filing complaints.

On the other hand, on May 28, 2018, the RA 9485 had been amended by **REPUBLIC ACT No. 11032 otherwise known as “AN ACT PROMOTING EASE OF DOING BUSINESS AND EFFICIENT DELIVERY OF GOVERNMENT SERVICES, AMENDING FOR THE PURPOSE REPUBLIC ACT NO. 9485, OTHERWISE KNOWN AS THE ANTI-RED TAPE ACT OF 2007, AND FOR OTHER PURPOSES particularly known as “Ease of Doing Business and Efficient Government Service Delivery Act of 2018”**. This broadens coverage of the Act and ensures penalties on violators.

On that perspective, it is imperative that all government institution must ensure good governance for sustainable development, both economic and social aspects of administration. The three major aspects highlighted in good governance are **transparency, accountability and responsiveness of the administration which are vital in the framing a Charter**.

Willfully, the Local Government Unit of Daet has this initiative to compile all the Citizens Charter of all the offices under this Unit, purposely to response to the mission for solving the problems which a citizen meets, day in and day out, while dealing with our LGU in providing public services and complying in the Acts. Most importantly, the charter is the **declaration of commitment to superiority in service** to customers of the department. This citizen charter declares the standards for various services offered. It includes expectations of each Department in fulfilling its commitment.

In addition, this book “The Citizens Charter of LGU DAET” believed in the importance of its presence and accessibility in all platforms to make this administration accountable and citizen friendly, to ensure transparency, to take measures to improve customer service, to adopt a stakeholder approach and to save time of both Administration and the citizen.

Its ultimate goal is to empower the citizen in relation to public service delivery through this crafted LGU DAET Citizens Charter which is primarily framed based on the six basic principles e.g. quality, choice, standards, value, accountability and transparency.

This Book too is in consistent with the salient features of the Charter which are agreed and published *standards for service delivery, openness and information about service delivery, choice’ and consultation with users, courtesy and helpfulness in service delivery; and provision of redressal of grievances.*

Further, standards mean laying out explicit standards of service delivery so that users understand what they can reasonably expect from service providers. The standards that are time-bound, relevant, accurate, measurable and specific. **Information and openness as the** key attribute of good service is the availability of relevant and concise information to the users at the right time and at the right place. **Choice and consultation had provided** choice of services to users wherever practicable. **Courtesy and helpfulness deal on the cultural embed of** courteousness and helpful service from public servants and building cordial relationship with the public. **Grievance redressal and complaints handling is the** strong link between the provision of quality service and effective handling of complaints

Conclusively this LGU DAET Citizens’ Charter denotes the promise of an organization towards standard, quality and time frame of service delivery, grievance redressal mechanism, clearness and accountability. Inspiringly drawn to foresee expectations and aspirations of public, Citizens’ Charter which was crafted by the entire offices of this institution with care and concern for the concerned service users. Understandably, allowing the constituents to avail the services of the government departments with minimum inconvenience and maximum speed.

This for the People of DAET.

VISION

Daet is the Philippines' friendship city, the service and commercial center of Camarines Norte, endowed with rich culture, balanced ecosystem and vibrant economy sustained by empowered, God-loving citizens living a quality meaningful life in a city of character with properly planned safe built environment governed by morally upright and dedicated leaders.

MISSION

The Municipality of Daet shall take the lead in the implementation of programs, projects and activities, encourage community mobilization and sustain the development of human and natural resources through strong moral and political will with full support of its constituency.

PERFORMANCE PLEDGE

WE, the officials and employees of the Local Government Unit of Daet in compliance with RA 9485 (Anti-Red Tape Law) do hereby commit to provide the highest possible service performance. WE pledge, because you deserve quality service.

4. . APPLYING FOR A MARRIAGE LICENSE

ABOUT THE SERVICE

Marriage is a special contract of permanent union between a man and a woman entered into in accordance with law for the establishment of conjugal and family life. It is the foundation of the family and an inviolable social institution whose nature, consequences, and incidents are governed by law and not subject to stipulation, except that marriage settlements may fix the property relations during the marriage within the limits.

In application for a marriage license, each of the contracting parties shall file separately a sworn application with the Municipal Civil Registrar of the place where either or both of the contracting parties reside.

Marriage license shall be valid in any part of the Philippines for a period of one hundred twenty (120) days from the date of issue, and shall be deemed automatically cancelled at the expiration of the said period if the contracting parties have not made us of it.

5. REGISTRATION OF DEATH CERTIFICATE

ABOUT THE SERVICE

Death is a permanent disappearance of all evidence of life at any time after live birth has taken place.

It shall be the responsibility of the physician who last attended the deceased or the administrator of the hospital or clinic where the person died to prepare the proper death certificate and certify as to the cause of death. The death certificate shall then be forwarded within forty-eight (48) hours after death, to the health officer who shall examine the Certificate of Death and then affix his signature in the appropriate box and shall order its registration in the Office of the Civil Registrar.

It shall be the responsibility of the nearest relative or person who has knowledge of the death to report the same within forty-eight (48) hours if the deceased died without medical attendance. The health officer shall examine the deceased and shall certify as to the cause of death and direct the registration of the death certificate to the Office of the Civil Registrar within the reglementary period of thirty (30) days.
