Resolution No. 200-2021

RESOLUTION ADOPTING AN ORDINANCE ESTABLISHING THE MUNICIPAL ANIMAL BITE TREATMENT CENTER (MABTC) AT THE RURAL HEALTH UNIT III (RHU III) IN DAET, CAMARINES NORTE, PROVIDING FOR ITS GUIDING PRINCIPLES AND ALLOCATING FUNDS FOR ITS OPERATION

WHEREAS, in the Philippines, rabies is responsible for 200-300 deaths every year which is commonly transmitted to human from bite exposures, through inoculation of saliva of an infected animal;

WHEREAS, the Republic Act No. 9482 also known as the Anti-Rabies Act of 2007 provides for the control and elimination of human and animal rabies in the Philippines through the National Rabies Prevention and Control Program which includes the provision of pre-exposure treatment to high risk personnel and post exposure treatment to animal bite victims, provision of free routine immunization or pre exposure prophylaxis (PrEP) of school children aged five to fourteen in areas where there is high incidence of rabies;

WHEREAS, provision of Post Exposure Prophylaxis (PrEP) to all rabies exposure is the most effective means of prevailing rabies among exposed individuals which should be provided as soon as possible;

WHEREAS, the administration of PrEP is being conducted in the Animal Bite Treatment Center (ABTC) and Animal Bite Center (ABC) manned by trained doctor/s and nurse/s;

WHEREAS, the Department of Health (DOH) was mandated to ensure the availability and adequate supply of WHO pre-qualified human anti-rabies vaccines (ARV) at all times, provided, that such provision will be administered in the accredited Animal Bite Treatment Centers (ABTC);

WHEREAS, animal bite incident in the Municipality of Daet is becoming perennial and alarming risking the lives of marginalized people because the cost of rabies post-exposure prophylaxis (PEP) is beyond the financial means of a poor family;

WHEREAS, the most recent incident in the municipality is the demise of a barangay official Kagawad Rommel "Omeng" Salva of Barangay Cobangbang caused by rabies that served as wake-up call in the urgency and necessity to establish an ABTC in Daet;

WHEREAS, there is a need to establish an Animal Bite Treatment Center (ABTC) in the Municipality of Daet, Camarines Norte to provide additional facility for management of human rabies in the grassroots level;

WHEREAS, the establishment of ABTC in the Municipality of Daet will provide additional allocation of ARV in the province of Camarines Norte exclusive for LGU Daet's MABTC to further address and manage the incident of rabies in the locality;

NOW THEREFORE, after due deliberation, on motion of Councilor Ma. Eliza H. Llovit, seconded by Councilors William Carlo R. Avila, Tomasito Santiago C. Turingan, Apolonio B. Panong, Marlon T. Bandelaria, Judy Rose T. Gallardo, Nestor F. Dalida and Pedro S. Musa;

BE IT RESOLVED, as it is hereby resolved, to adopt:

MUNICIPAL ORDINANCE NO. 418-2021

AN ORDINANCE ESTABLISHING THE MUNICIPAL ANIMAL BITE TREATMENT CENTER (MABTC) AT THE RURAL HEALTH UNIT III (RHU III) IN DAET, CAMARINES NORTE, PROVIDING FOR ITS GUIDING PRINCIPLES AND ALLOCATING FUNDS FOR ITS OPERATION

BE IT ORDAINED, by the Honorable Sangguniang Bayan of Daet, that:

SECTION 1. TITLE. This Ordinance shall also be known as "Municipal Animal Bite Treatment Center (MABTC) Ordinance of Daet, Camarines Norte".

SECTION 2. DECLARATION OF POLICY. It is declared policy of the Municipality of Daet, Camarines Norte to protect and promote the right to health of its residents through establishment of accredited government center or facility equipped with manpower knowledgeable and skilled in eradication, control and management of the disease.

SECTION 3. DEFINITION OF TERMS. As used in this Ordinance, the following words and phrases shall be defined as follows:

- a.) **Rabies** – refers to a highly fatal disease caused by a lyssa virus, transmitted mainly through the bite of an infected animal and is characterized by muscle

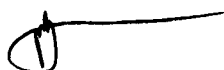

paralysis, hydrophobia and aerophobia, and other neurological manifestations;

- b.) **Rabies Vaccination/ Immunoprophylaxis of Humans** – refers to the inoculation of humans with modern day rabies vaccines or Rabies immunoglobulin, by trained doctor or nurse under the supervision of a qualified medical practitioner;
- c.) **Post-Exposure Treatment (P.E.T.)** – refers to an anti-Rabies treatment administered after an exposure (such as bite, scratch, lick, etc.) to potentially rabid animals. It includes local wound care, administration of Rabies vaccine with or without Rabies Immune Globulin (RIG) depending on category of exposure;
- d.) **Pre-exposure Prophylaxis (PrEP)** – refers to Rabies vaccination administered before an exposure to potentially rabid animals. This is usually given to those who are at high risk of getting rabies such as veterinarians, animal handlers, staff in the rabies laboratory and hospitals handling rabies patients, etc.

SECTION 4. ESTABLISHMENT OF MUNICIPAL ANIMAL BITE TREATMENT CENTER (MABTC). The Municipal Animal Bite Treatment Center of Daet, Camarines Norte is hereby established at the Rural Health Unit III (RHU III) in Barangay Lag-on under the control and supervision of the Municipal Health Officer that shall provide its services to the residents of Daet.

SECTION 5. GUIDING PRINCIPLES. Upon approval of this Ordinance, the Municipal Health Officer shall take charge in the allocation of space at Rural Health Unit III (RHU III) for the establishment of MABTC and cause the accreditation of the facility in the Department of Health and Philhealth, in accordance to the following standards:

- A. The facility is easily located and patients have convenient and safe access to the center, hence, shall have the following:
 - i. Appropriate signage bearing the name of MABTC to assist patients accessing the center;
 - ii. Appropriate physical access for the needs of the patients;
 - iii. Clearly marked entrance and exit free of obstructions and of other hazardous conditions;
 - iv. Presence of resources to inform patients of the daily schedule of the facility.
- B. The facility provides facilities for the comfort and privacy of its patients and staff, hence, shall have the following:
 - i. Clean and health promoting environment within and immediately outside its premises;
 - ii. Presence of resources and processes to ensure the quality of patient waiting time;

- iii. Adequately lighted facility;
 - iv. Assurance to privacy of every patient.
- C. The facility provides safety to its patients and staff, hence, shall have the following:
- i. Adequate clean water for wound cleaning, personal hygiene, and sanitation purposes;
 - ii. Appropriate levels of cleanliness and antisepsis of all physical areas, equipment and instruments;
 - iii. Appropriately segregated waste (general waste, sharps, pathological and infectious, pharmaceutical and chemical), safely handled and disposed of according to accepted safe disposal practices;
 - iv. Documented, disseminated, and implemented procedures to identify and address the risks of contamination of patients and staff from sources of infectious diseases.
- D. All patients of the facility have continuous access to accurate and reliable animal bite exposure management, hence, shall have the following:
- i. Complete and documented patients medical history records;
 - ii. Policies and procedures for assuring the quality of bite exposure management;
 - iii. Policies and procedures for referring patients to another accessible ABTC/ABC if the Rabies Vaccine is not available;
 - iv. Secured Rabies Vaccine and proper cold chain management is observed.
- E. The facility have comprehensive management approach developed and followed for all patients, hence:
- i. Management of rabies exposure is consistent with Rabies Prevention and Control Program Guidelines;
 - ii. Flow chart of patient management is visible and accessible to expedite the provision of services to patients;
 - iii. A comprehensive evaluation of the patient's progress is documented;
 - iv. Health education is provided to all patients on adherence to management and on responsible pet ownership;
 - v. Policies and procedures for detecting PEP defaulters and getting them back for management are implemented and monitored for effectiveness.
- F. The facility maintains accurate and updated records and reports to all animal bite victims, hence:
- i. Each patient is uniquely identified throughout the course of management;

- ii. The facility maintains an updated database of patient records that is accessible to authorized personnel;
 - iii. The facility maintains quarterly reports of both animal and human bite cases;
 - iv. The facility maintains a quarterly inventory of Rabies vaccine/RIG.
- G. The facility has complete manpower complement performing assigned task, hence:
- i. The facility has qualified personnel trained on Animal Bite Management;
 - ii. There are personnel responsible for the following:
 - a.) Diagnosis and Management;
 - b.) Provision of Rabies Vaccine/RIG;
 - c.) Logistics Management;
 - d.) Information Management;
 - e.) Financial Management.

SECTION 6. MABTC BASIC SERVICES. The following components of National Rabies Prevention and Control Program shall be provided in the Municipal Animal Bite Treatment Center (MABTC):

- A. Post Exposure Prophylaxis
- B. Pre-Exposure Prophylaxis (PrEP) for high risk personnel
- C. Health Education and Advocacy Campaign
- D. Training/Capability Building
- E. Inter-Local Health Zone establishment
- F. Other services related to rabies control and management.

SECTION 7. PARTNER INSTITUTIONS. In furtherance of the National Rabies Prevention and Control Program, the following organizations/agencies shall take part in attaining its goal:

- A. Department of Agriculture (DA)
- B. Department of Education (DepEd)
- C. Department of the Interior and Local Government (DILG)
- D. Department of Environment and Natural Resources (DENR)
- E. World Health Organization (WHO)
- F. Animal Welfare Coalition (AWC)
- G. Other Volunteer Organizations.

SECTION 8. MABTC MANUAL OF OPERATION. Upon approval of this Ordinance, the Municipal Health Office shall take charge in the formulation of Manual of Operation of the facility in coordination and partnership with other offices/agencies/organizations before the end of CY 2021.

SECTION 9. FUNDING. The Office of the Mayor shall allocate funds annually under the General Fund of the Municipal Government for the establishment, operation and management of the facility.

SECTION 10. SEPARABILITY CLAUSE. If any reason any part or provision of this ordinance shall be held to be unconstitutional or invalid, other parts or provisions hereof which are not affected thereby shall continue to be in full force and effect.

SECTION 11. REPEALING CLAUSE. All any ordinances, rules and regulation found inconsistent with any provision of this ordinance are hereby repealed and amended accordingly.

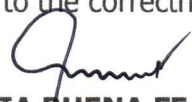

SECTION 12. EFFECTIVITY. This ordinance shall take effect upon approval.

ENACTED.

RESOLVED FURTHER, to furnish copies hereof all concerned for their information and appropriate action.

CARRIED UNANIMOUSLY.

I HEREBY CERTIFY to the correctness of the foregoing:

MARIA BUENA FE ZABALA-LUARES
Secretary to the Sangguniang Bayan
